The Academy Trust is required to hold a register of any interests an employee, their partner \* or member of their immediate family have such as election to political bodies or corporate boards, directorships or shareholdings. This also includes any other governance roles you or your immediate family might have.

These interests are anything that might sway decision making, or affect your ability to act in an impartial way. For example, this might mean that you or your immediate family :

- Are a trustee, governor or hold an honorary position at another school, trust or charity
- . Are a member of a professional body, trade union or other association
- . Are elected to a political body or corporate board.
- Work, as a director or partner of a company that the school/trust might engage the services of (a catering or payroll provider etc.)
- Have a personal relationship with any Ebor employees, Members, Trustees or local governors (e.g. spouse, partner, relative etc.)
- . Are working as a Consultant the school or trust might work with.

If you're not sure an interest counts, err on the side of caution and declare it.

This information is held by the Trusts finance team to identify any related party transactions and is not published to the general public.
